

## TRUST

Once I put my "Trust" in Jesus  
All my worries disappeared  
No longer would I be afraid  
Of things I once had feared

It's like a fog was lifted from my eyes  
And now my view is clear  
I see the world for what it is  
With Jesus standing near

Although I'm not invulnerable  
Or immune to an attack  
What happens doesn't matter  
Having Jesus at my back

He'll protect me if He wills too  
And I will fall if He does not  
Either way, I know He'll keep me  
For my life, (*by Him 's*) been bought

All I need to do is Trust Him  
And let Him guide my way  
And not think of what "*might*" happen  
As I live from day to day

How I feel is indescribable  
And my peace of mind is strong  
I learned the error of my ways  
And know with Christ I do belong

You too can have this feeling  
And know that you are blessed  
Just ask God to come into your life  
And He will do the rest.
